1. It has been called to my attention recently that [REDACTED] is being considered for some type of work on the [REDACTED] with the Contact Division. [REDACTED]'s background, training and his experiences, particularly in certain technical matters while employed with the [REDACTED] in the [REDACTED] area are of considerable interest to this office.

2. It would therefore be greatly appreciated if you would inform this office when [REDACTED] returns on duty with the Contact Division so that any necessary arrangements can be made to permit us either to interview [REDACTED] if one of our Staff is on the [REDACTED] or to forward to him through the Contact Division a series of technical questions for his study and answering.

A [REDACTED]
